NEW MEXICO ENVIRONMENT TECHNICAL NOTE NO. 9

SUBJECT: ECS – AIR QUALITY SMOKE MANAGEMENT GUIDE

Purpose: To distribute Environment Technical Note 9.

Effective Date: When received.

Filing Instructions: Maintained on web page.

Attached is Environment Technical Note 9. This will provide a brochure, “Open Burning and Smoke Management: What You Need to Know Before You Burn” and guidance, “New Mexico Environment Department Air Quality Bureau Smoke Management Guide” on New Mexico open burning and smoke management requirements. The producer is responsible for fulfilling open burning requirements and/or the smoke management requirements, including registration, notification and tracking. Field offices can assist producers by providing information on where to find the most current requirements.
